Session 4:

Looking at the future, Research and Policy Agenda

Introduction

Ahmed Bounfour

University of Marne-La-Vallée

E-Mail: bounfour@univ-mlv.fr

Research and Policy Agenda

Four themes are proposed here for discussion:

- 1- Understanding, Problematising And Modeling : e.g. Networks and Communities, Joint Assets, Recognition Assets, Related IPRs
- 2- Measuring and demonstrating closer links: Using, linking and enhancing existing databases, defining profiles, demonstrating links
- 3- Prototyping And cross-learning among different contexts: *A Worldwide perspective*
- 4- Judgement of « performance » and Rating :Micro/Meso and Macro/global perspectives
